Goalies Are our Business Since 1984

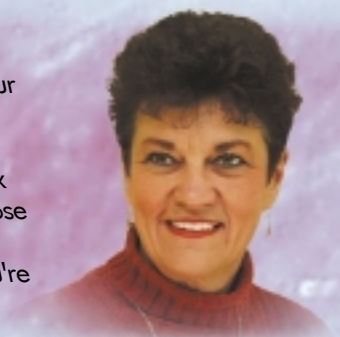

Derek Hales  
President

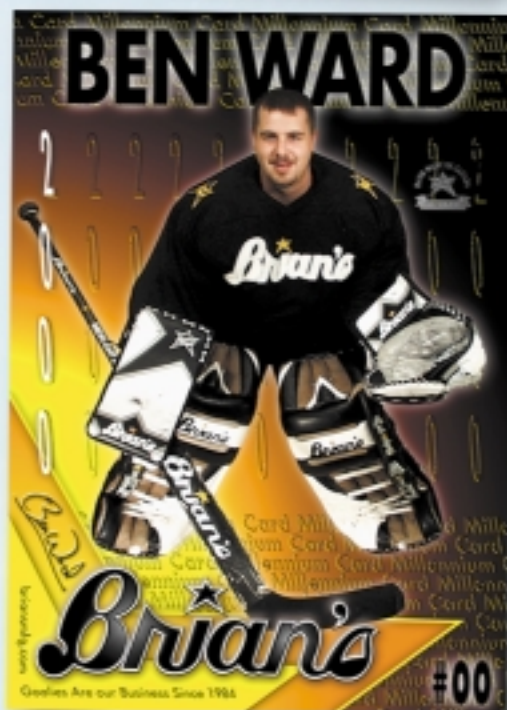

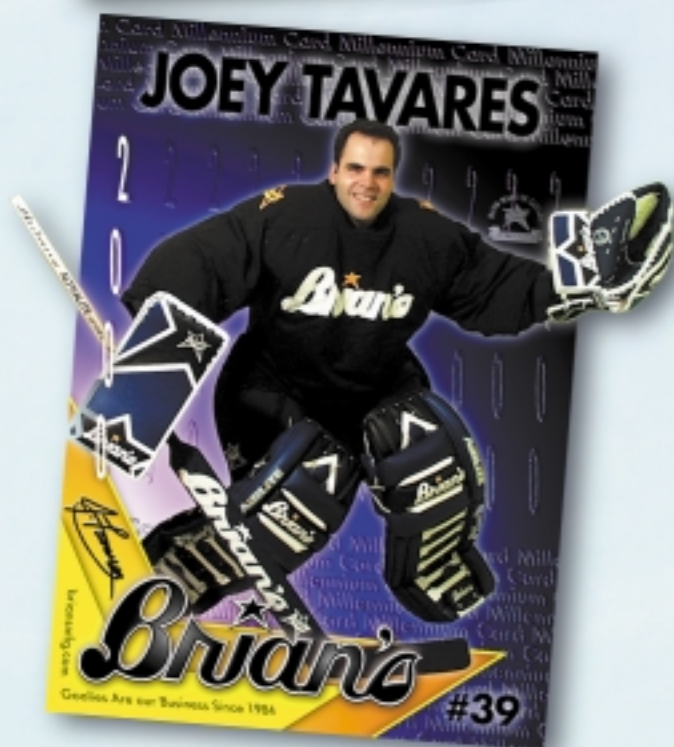

### President's Message

This year is special for Brian's Custom Pro Manufacturing --- and not just because of the new millennium with all its hype and hysteria. It's special in a much more tangible way than can ever be represented by the last page of a calendar or a Y2K- ready computer. It's special because everyone at Brian's has made it that way. Made it that way through hard work, inspiration, skill and hands on craftsmanship. Made it that way so that now, after months of toil, tears and sweat they can present to our valued dealers and customers a glittering array of new products guaranteed to be the envy of all competitors and rivals and keep Brian's on the cutting edge of goalie equipment for years to come.

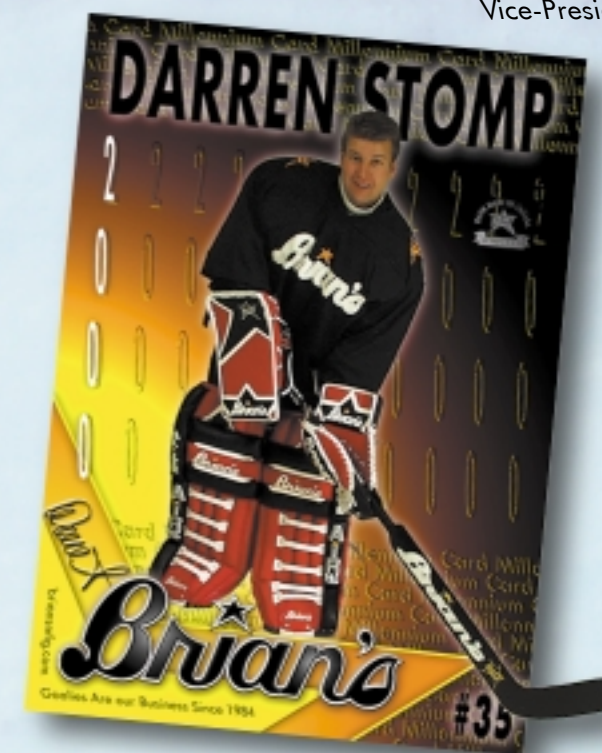

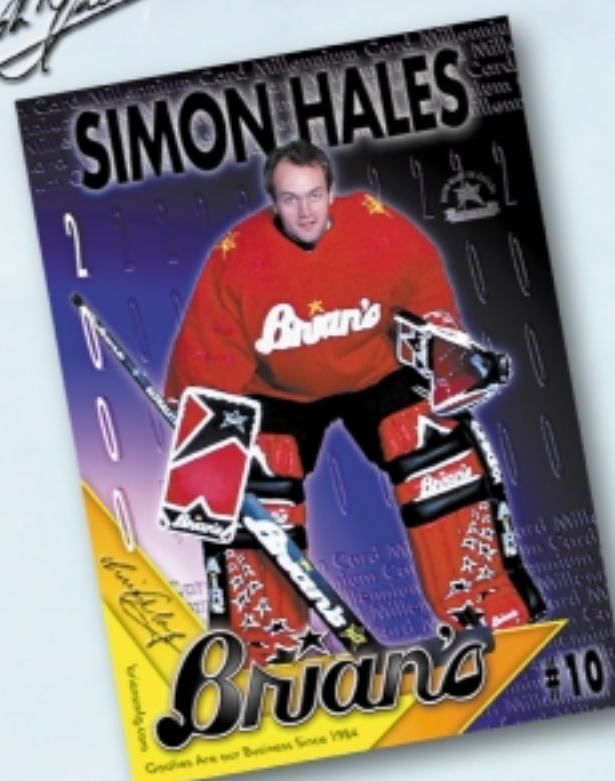

Through hard work and dedication to the principle that Brian's, the great innovators, will always lead where others follow, our tireless design team has followed up on every idea and suggestion that has come from our many loyal Brian's goalies around the world. Their ideas, along with many of our own, and some from the retailers and dealers themselves, have resulted in a change to almost every one of our products. It's a New Brian's for a New Millennium. But don't just take our word for it. Ask yourself these questions: "Why did Felix Potvin come back to Brian's? Why did Kevin Weekes, one of the most exciting newcomers in the NHL, choose Brian's? Why have goalies like Sean Burke and Trevor Kidd stayed with Brian's through year after year of gruelling action in the toughest league in the world?" Then check out the products for yourself. You'll find you're holding the answer right in your hands.

## NEW FOR 2000

## ALTRAMAX

The serious goaltender can put his trust in Brian's Altramax. With full attention to detail nothing has been overlooked in the hand crafting of this pad which provides enhanced range of motion while maintaining full protection. The goalie may choose his own exclusive graphics which will be meticulously hand sewn on the shin and boot. This pad is built with the finest materials available and is designed with the elite goalie's needs in mind

### Custom Graphics for Pads

Brian's Custom Pro Manufacturing is proud to produce the finest most detailed and diverse goalie equipment graphics in the industry. Any graphic the goaltender is looking for can be duplicated on a set of pads with the utmost care and precision so as to produce an excellent likeness. All graphics are cut from pieces of clarino and sewn on the pad piece by piece so that the detail and richness of the graphics will be further enhanced. Graphics are included in the price of the pad when on the shin and boot region of the Altramax. There is an upcharge for all other pads depending on the amount of work involved in the graphic.
