## The Christian Winning Tradition ...

It all began with a vision to make the best hockey sticks available. Roger and Bill Christian, along with Hal Bakke, founded the Christian Brothers Hockey company in 1964. With a lot of hard work and determination, they built one of the most recognizable names in hockey.

Though the company has changed since 1964, our principles have not. Our company is still employee owned and operated, therefore we take great pride in the service of our customers and the quality of our products.

Just like the people that make them, Christian hockey sticks are tough, honest and extremely hardworking.

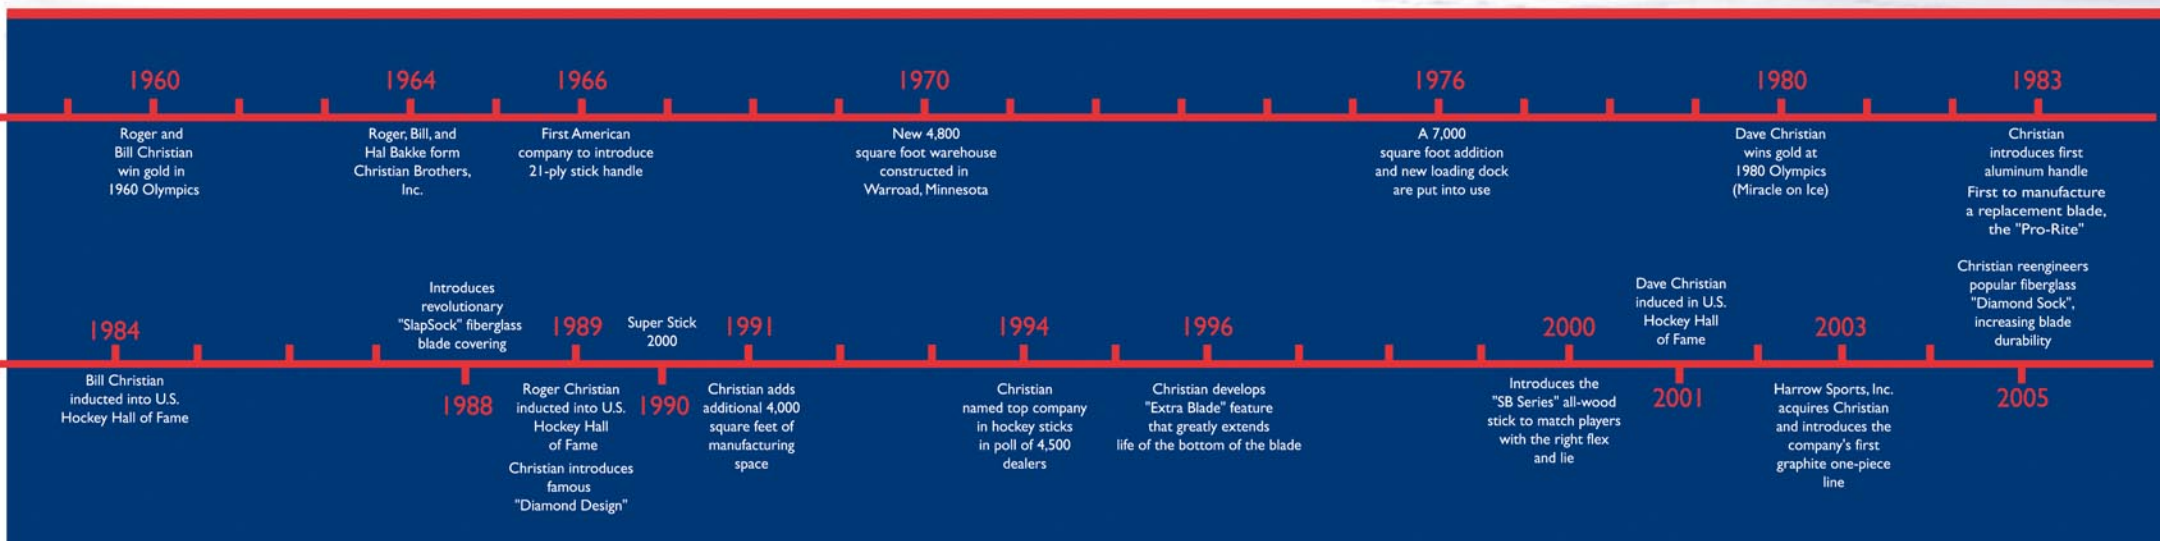

It is no surprise that Christian sticks are held in the highest regard. We don't put a lot of flair into our marketing. We don't spend millions on

endorsements and fancy advertising campaigns. Instead, we concentrate on making the best possible equipment...equipment that has been developed and tested by those who really know and understand the demands of the game.

Christian's rich history has long been centered around wood, but we have now expanded our resources to offer a full range of composite items. Our Torch composite shaft, along with our DiamondLite wood blade, equals the most balanced and responsive combination available. Together, they are an unbeatable team.

Over the years, Christian has played a significant role in developing millions of hockey players. Our intention is to give you the tools that will allow you to make history. That is our passion. That is our talent. That is our future.

In 2006, let's make history together.

## Torch Senior One-Piece

COMPOSITE

- ◆ High-modulus carbon fiber for optimum energy transfer and puck release.
- ◆ Tapered low kick-point design.
- ◆ Foam-injected blade reduces vibration and enhances feel.
- ◆ Plastic end-cap adds minimal weight to the stick.
- ◆ Glossy finish provides an attractive look with lasting durability.
- ◆ Industry-leading 60-day, one-time replacement warranty.

**Available flexes:** 45 (Jr), 85, 100 & 110 (Sr)

**Available curves:** #1, #3, #5 & #7

**Weight:** 495 grams

**Length:** 67 inches (blade included)

## Torch Composite Shaft

COMPOSITE

- ◆ High-modulus carbon fiber construction with braided carbon weave for added strength.
- ◆ Concave shaft with rounded edges.
- ◆ Tapered low-kickpoint design.
- ◆ Traditional glossy finish.
- ◆ 60-day, one-time replacement warranty.
- ◆ Team customization available.

**Available flexes:** 45 (Jr), 85, 100 & 110 (Sr)

**Weight:** 350 grams

**Length:** 55 inches

# Replacement Blades

## Medalist Senior One-Piece

COMPOSITE

- ◆ Low-cost composite one-piece stick
- ◆ Tapered low kick-point design.
- ◆ Foam-injected blade reduces vibration and enhances feel.
- ◆ Plastic end-cap adds minimal weight to the stick.
- ◆ Unique "powder" finish allows the perfect combination of grip and hand mobility.
- ◆ 30-day, one-time replacement warranty.

**Available flexes:** 100

**Available curves:** #1 & #4

**Weight:** 550 grams

**Length:** 67 inches (blade included)

## Medalist Int. One-Piece

COMPOSITE

**Available flexes:** 60

**Available curves:** #1 & #4

**Weight:** 475 grams

**Length:** 62 inches (blade included)

## Medalist Int. Shaft

COMPOSITE

**Available flexes:** 60

**Weight:** 395 grams

**Length:** 55 inches

## Medalist Jr. One-Piece

COMPOSITE

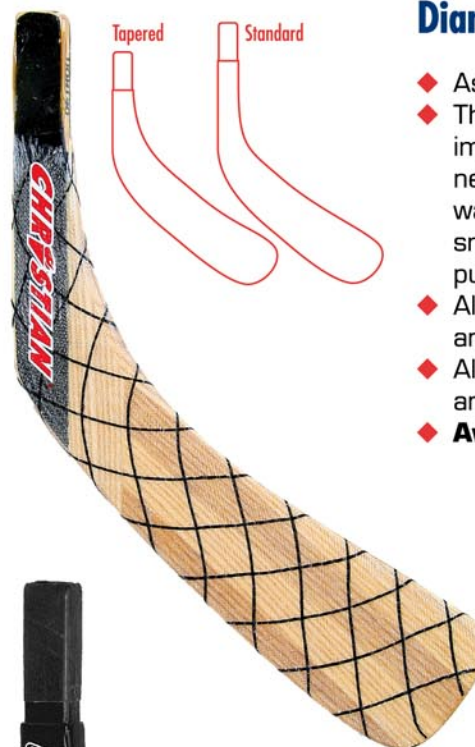

- ◆ Junior-length composite one-piece stick.

**Available flexes:** 45

**Available curves:** #5

**Weight:** 420 grams

**Length:** 58 inches (blade included)

## DiamondLite Wood Replacement Blade

- ◆ Aspen hosel with reinforced fiberglass strip.
- ◆ Thin profiled white ash blade with our improved Diamond® fiberglass sock. This new sock is tighter and less susceptible to water seepage and blade dry out. Its smooth finish enhances the feel for the puck and the release of the shot.
- ◆ All standard blades have a long hosel and are interchangeable with standard shafts.
- ◆ All tapered blades have a short hosel and are interchangeable with tapered shafts.
- ◆ **Available Curves:** #1, #3, #4, #5, #6, #7, Detroit & Christian

## Torch Composite Replacement Blade

- ◆ High-modulus carbon graphite construction.
- ◆ Woven carbon sock with antivibration core provides better feel.
- ◆ Low kickpoint hosel releases energy for increased shot speed.
- ◆ Tapered hosel is interchangeable with all tapered shafts.
- ◆ 30-day, one-time replacement warranty.
- ◆ **Available Curves:** #1, #3, #4, #5, #6 & #7.

# Wood Sticks

1000 Pro

- ◆ 64" (blade included) aircraft veneer shaft with a white ash blade.
- ◆ **Available Curves:** #1 & Christian.
- ◆ 80 flex.
- ◆ Customization available.

2400 Int.

- ◆ 62" (blade included) laminated aspen shaft with white-ash blade.
- ◆ **Available Curves:** #1 & Christian.
- ◆ 65 flex.
- ◆ Customization available.

2000 Pro

- ◆ 66" (blade included) laminated aspen shaft with a white-ash blade.
- ◆ **Available Curves:** #1, Christian, Detroit.
- ◆ 95 flex.
- ◆ Customization available.

Reflex Jr.

- ◆ 51" (blade included) multi-laminated ash with a white ash blade.
- ◆ **Available Curves:** #5 & Straight.
- ◆ 40 flex.

# Goalie Sticks

## Torch Composite

- ◆ High-modulus carbon fiber construction.
- ◆ 60-day, one-time replacement warranty.
- ◆ 3 stylish designs.
- ◆ Sr. & Int. Patterns:  
25" paddle, 1/2" full curve, lie 14.

## Diamond Wood

- ◆ ACV shaft for lightweight feel.
- ◆ Diamond Sock® reinforced aspen paddle for superior durability.
- ◆ Sr., Int. & Jr. Patterns:  
G-41: 26" paddle, lie 14, MID  
G-20: 25" paddle, lie 14, MID  
G-35: 25" paddle, lie 14, HEEL  
Custom Patterns/Colors Available

## Curtis Curve

- ◆ Patented Curtis Curved shaft for improved grip and passing leverage.
- ◆ Diamond Sock® reinforced aspen paddle for superior durability.
- ◆ Sr. & Int. Patterns:  
Edmonton: 25" paddle, lie 14, MID  
Edmonton: 25" paddle, lie 13, MID  
Custom Patterns/Colors Available

## Diamond Foam

- ◆ Multi-laminated aspen handle.
- ◆ Foam-core fins decrease the weight and increase the balance.
- ◆ Sr. & Int. Patterns:  
G-41: 26" paddle, lie 14, MID  
G-20: 25" paddle, lie 14, MID

## Torch Gloves

- ◆ Lightweight, durable PU outer layer. (Twill material also available)
- ◆ Contoured Clarino Palm with rubber wear patch.
- ◆ Ergonomic backroll design for natural hand movement.
- ◆ Rolling cuff improves wrist maneuverability.
- ◆ Three-piece fingers enhance grip and promote flexibility.
- ◆ Embossed design for a classic look.
- ◆ Customization is available.
- ◆ Available sizes: 11", 12", 13", 14.5"
- ◆ Stocked colors: Black, Navy, Red

## Torch Breezers

- ◆ Premium moisture-wicking lining for ultimate ventilation and comfort.
- ◆ Ergonomically designed tailbone support.
- ◆ High-rise spinal protector.
- ◆ Zippered inseam for easy accessibility.
- ◆ Cut-resistant 400-denier polyester shell (600-denier Twill also available).
- ◆ Elastic knit inseam crotch and rear provide optimum flexibility.
- ◆ Rubber-grip waist prevents pants from slipping during play.
- ◆ Available sizes:  
Adult - S, M, L, XL, XXL, XXXL  
Youth - S, M, L

**Why play with a stick made for somebody else? Be yourself.**

Christian lets you build a stick based on your style of play, just like the professionals. Once built, your custom blade pattern and features are kept on file, making reorders a piece of cake.

**Ordering is easy.** Simply log onto [www.hockeystick.com](http://www.hockeystick.com) to obtain a custom order form. Fill out the details and fax or e-mail your request into Christian. A custom pattern specialist will contact you to finalize the details and pass your request to your chosen retailer. 2-3 weeks later, you will have a blade created by the person who knows you the best ... yourself.

## Custom Shafts

## Custom Sticks & Blades

## Custom Gear

Is your team lacking uniformity? Christian can help. In addition to individual stick customization, we can also customize our gloves and pants in a spectrum of colors. To design your own glove or pant, log onto [www.hockeystick.com](http://www.hockeystick.com) and take a tour of our custom design center.
